

Create a website and win some fabulous prizes

To enter, simply create some web pages with a theme relevant to your school activities and you could win some really great prizes including:

- High-tech gadgets for you and your team;
- High-spec PC equipment for your school;
- A wide selection of CDs with games and educational software;
- The Computing Challenge Silver Cup;
- An invitation to the grand prize-giving at Cranfield University, Shrivenham, on Wednesday 20th June 2007.

The competition is open to teams of primary and secondary pupils from all Oxfordshire schools. The judges will be looking for team working, imagination, design flair and innovative use of web technology.

For full details and to sign up visit: www.oxon.bcs.org/webcomp or speak to your school contact:

Start now – your entries must be in by: Monday 30th April 2007
